EVENT SUMMARY:

We followed all State COVID-19 regulations regarding gyms. We required masks on at all time. All gates and windows were open for maximum ventilation and all occupants were screened. There was no audience. Weigh Ins were conducted in the open with singlets on as recommended by LWC President.

We did not have medals, but we did have many performances of note.

Overall we were extremely excited to able to lift in person safely, and the meet was run well and on time.
